## MC 104 ELECTRIC MINI CATERPILLAR CRANE

### SPECIFICATIONS

- The mini caterpillar crane is designed for use indoors, in spaces that are difficult to access
- Thanks to its rubber tracks and leg supports, it has a low bearing load and is particularly kind on laminated floors or natural stone floors
- It is predominantly used if space is limited or to moved through narrow room doors
- Its compact construction enables steel girders, machine parts or particularly bulky parts to be assembled in the building
